

# WHO WE ARE.

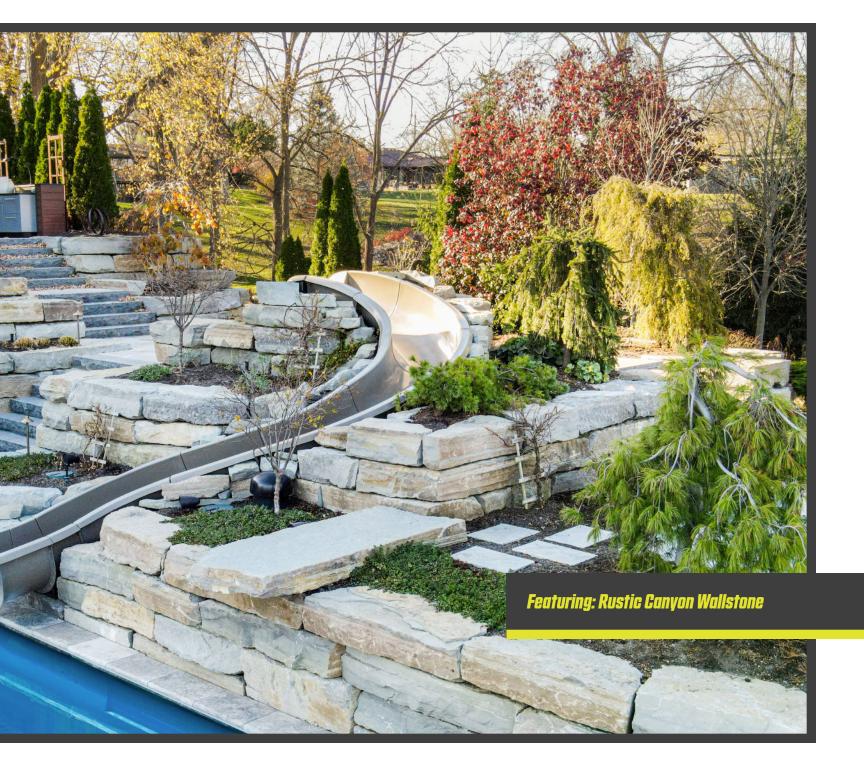

We are a family owned and operated provider of hardscaping and landscaping supplies. We offer the most complete selection of professional landscaping supplies, serving both residential and commercial customers.

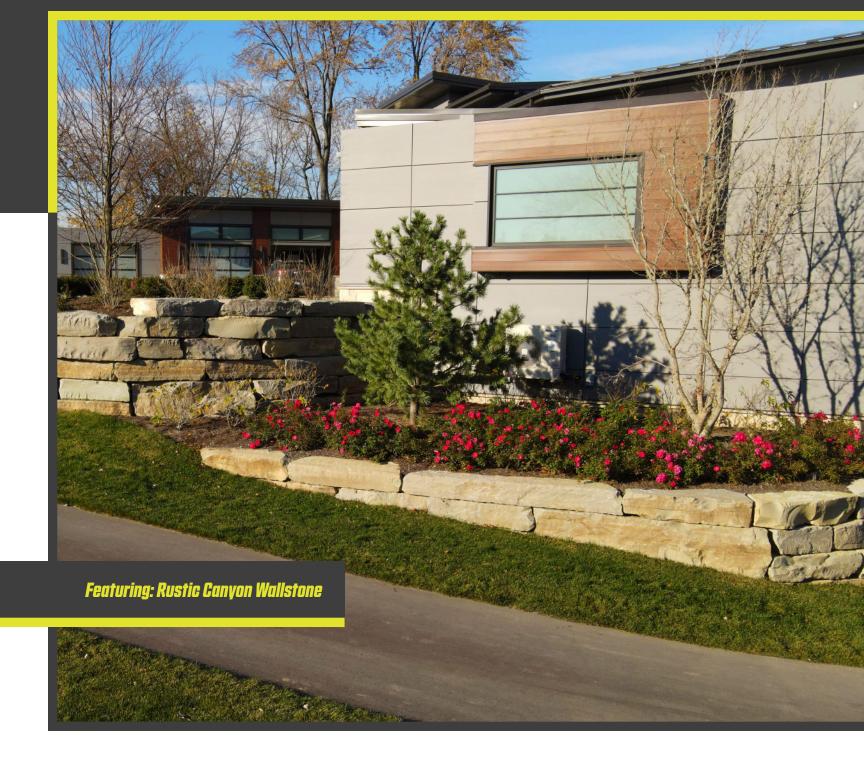

We are proud of our high quality products including, natural stone, concrete, brick pavers, retaining walls, mulch, limestone, and much more. Here at Rock Bottom, you can expect to find the highest quality supplies for your outdoor spaces with competitive pricing, on-time deliveries, and exceptional services. We work directly with landscapers, landscape designers, architects, builders, developers, and homeowners.

## WALLSTONE

We specialize in only the best natural wallstone for your retaining and accent walls. Our wallstone ranges from 9-28" thick, 3-8' long, and 18-36" deep. Create high-end areas for your outdoor space with our natural wallstone. Bring interest, texture, and custom features to enhance your landscape design.

Rustic Canyon Wallstone 9-28" THICK X 3-8' LONG Available in 6-8" THICK x 3-8' LONG

### GUILLOTINE WALL

Guillotine wall is a palletized wall material that has been snapped (guillotined) to be a smaller more consistent version of our typical wallstone. This material is usually 9"-14" tall x 14" deep x random lengths (usually 3'-5' long). We categorize this material by thickness, for example, all 10" material is stocked together.

### NATURAL STEPS & PATH STEPS

Step into your perfect outdoor escape, with our choices of natural steps and path steps. We individually sort our steps so we have the smoothest tops available and most consistent shapes. Our path steps are typically 4"-5" thick and random sizes, and can be used as stepping stones, and even patios. Use our unique options to create a welcoming area for everyone to come and enjoy the "great outdoors" - otherwise known as your backyard!

### DIMENSIONAL Steps

Dimensional steps are natural stone steps that have been processed in different fashions to create consistent dimensions. Some of the processes include a sawn top and bottom with snapped or guillotined sides all around. Sawn steps are cut to a specific thickness so they will always be the same height. Other steps have a natural or riven texture on top with rock-faced or hand chipped sides, usually three sides only and have a gauged or milled bottom to give them a consistent height.

We have a wide array of dimensional step choices, ranging in color, size, and brand. Please contact us for more information regarding our options.

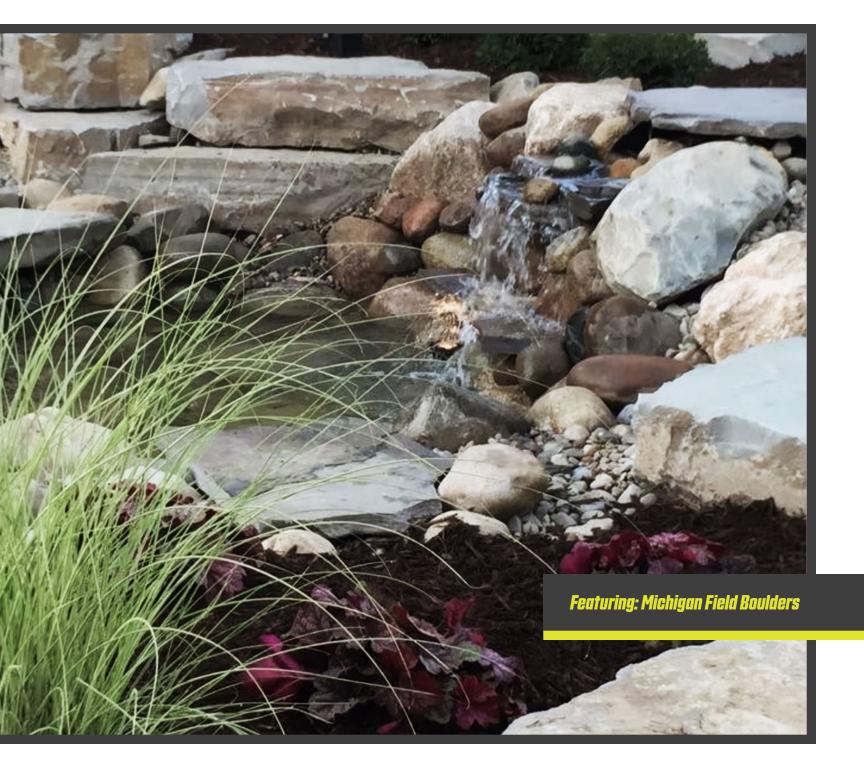

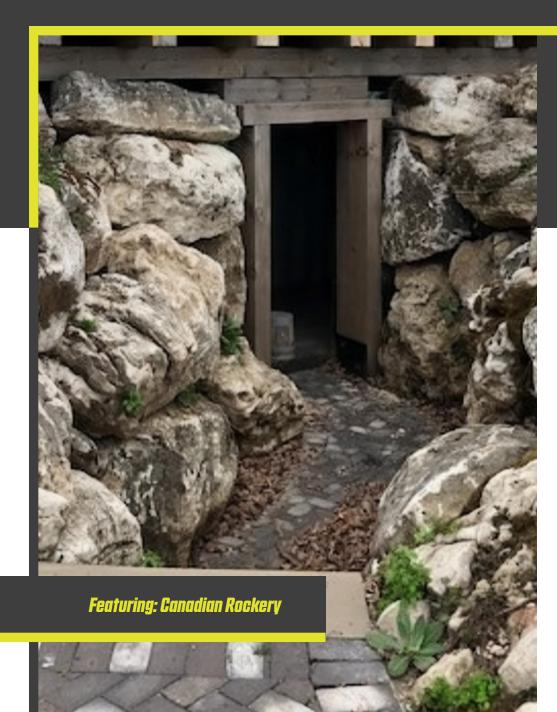

### BOULDERS

Our boulders are the most unique way to create your outdoor oasis. They come in a vast assortment of sizes, shapes, and colors. Our Western Sunrise and Michigan Fieldstone are quarried out of Michigan. The Black Mystic boulder is quarried out of both Michigan and Canada. If you're looking for an even more unique look, our Canadian Rockery quarried out of Canada is for you! You will never find two identical boulders which adds to their individual character and charm.

### CUSTOM FIREPITS

Enhance your outdoor living area with one of our custom made firepits! Our firepits are unique works of art, hand picked and cut from our wide selection of stone. One of our outdoor firepits will extend your season of outdoor enjoyment, and create a relaxing atmosphere with an easy to light gas flame.

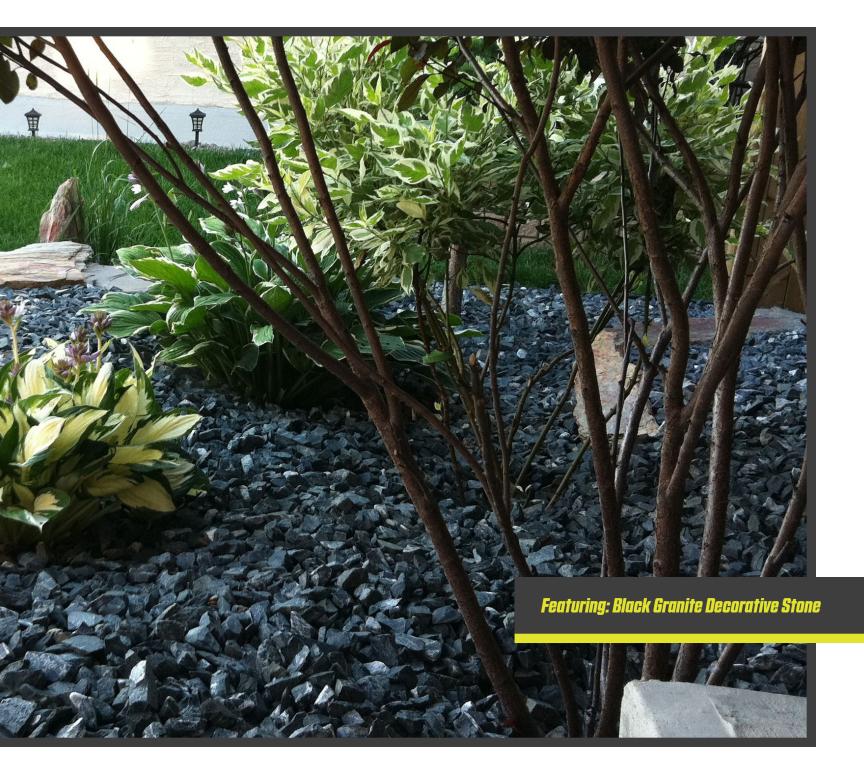

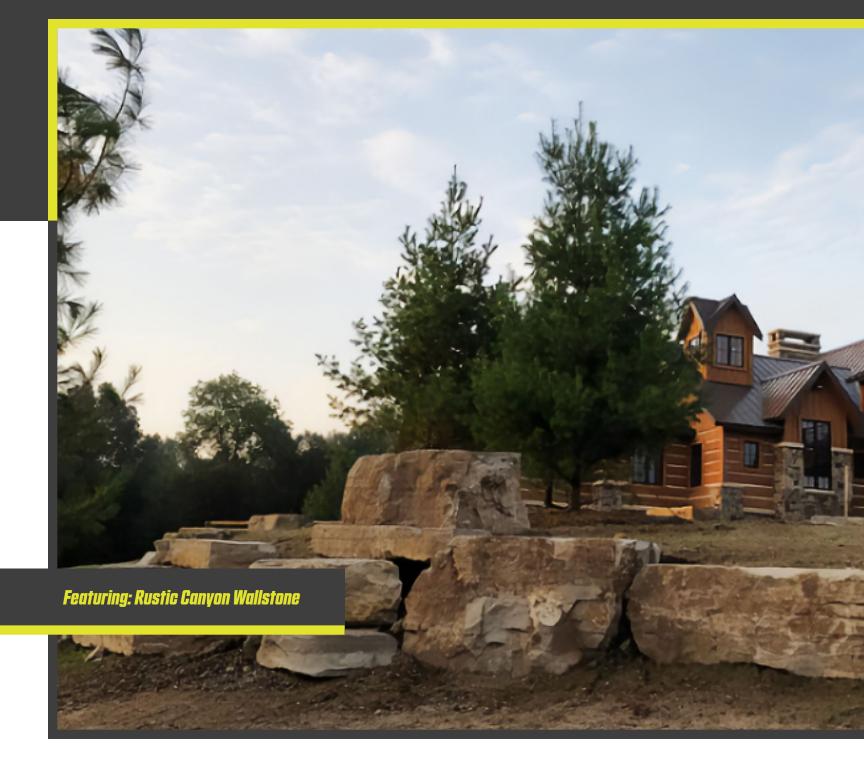

### BLACK GRANITE DECORATIVE STONE

Decorative stone is an alternative to mulch or soil. When this stone is laid on weed barrier it provides a longer lasting, lower maintenace ground covering. Our black granite decorative stone is an excellent stone for modern architectural style homes or offices.
