The
Beauty of Real Stone

Timeless...

Natural Stone has a place in history where the past is always present. It's worth the investment to choose natural stone.

- Ledgestone Collection is packaged for tight fit installation.
- All other collections packaged using a 1/2" mortar joint.
- NSVI recommends a thin set mortar meeting ANSI 118.4 on any exterior tight fitted joint installation.
- Images shown in this catalog are intended to be as accurate as depictions of color and texture can be on the printed page. Because NSVI produces a natural stone product, shades may vary.
- For best results of color and texture, work from as many packages as possible.

Design & Detail Recommendations

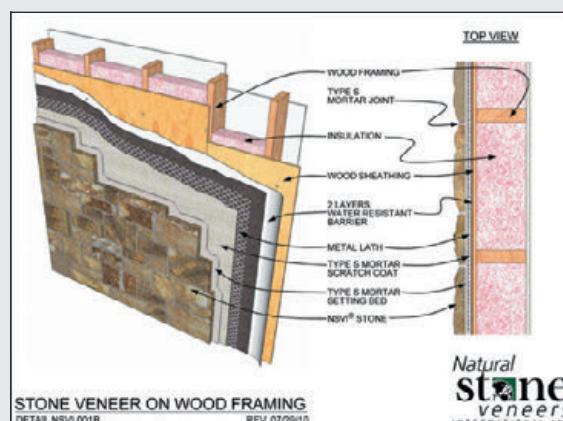

Information on the proper design and detail of the backup structures and other design information for NSVI stone can be found in the 2016 TMS 402/602-16 Building Code Requirements and Specifications for Masonry Structures.

Installation Instructions

Installation guides, videos, cleaning instructions and corner installation for Ledgestone and Dimensional Ledgestone can be downloaded from our website in PDF format. We also offer a 10-Step Video Tutorial showing the application of our natural stone veneers at: nsvi.com/installation-instructions
